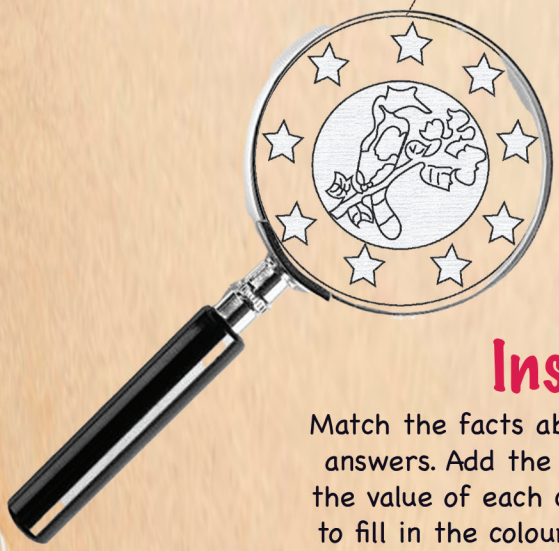
TABLE TALK

MYANMAR

The regions on the map represent the states of Myanmar. The predominant ethnic group of each state is represented by its tribal flag. This activity only portrays eight of the approximate 135 different ethnic groups found throughout the country.



Instructions

Match the facts about Myanmar with the correct answers. Add the two numbers together to find the value of each colour. Use the solution number to fill in the colour-by-number above. Be careful to match the correct words together!
See vomcanada.com/TableTalkMyanmar for a larger print version and the answer key.
